An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Haley on 3/11/11.

The application has been amended as follows:

- 1) Claims 21-40, 46, and 48 have been canceled, without prejudice.

The following is an examiner's statement of reasons for allowance: The closest prior art is Buu-Hoi et al. The reference teaches structurally similar compound as claimed in claimed 50. However, the reference fails to teach that the compounds referred to therein could be used or formulated for oral administration or administration by injection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
